Summary:

Passionate Software Developer with expertise in the MERN stack, React Native, and Next.js. Adept at building, learning, and experimenting with new technologies to solve real-world problems. Dedicated to coding, facing challenges, and continuously expanding my knowledge. Committed to developing innovative solutions to improve everyday experiences for users.

Education:

- | | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------|
| <ul style="list-style-type: none">K. K. Wagh Institute of Engineering Education & Research
Master of Computer Application (MCA), CGPA: 7.3 | 2022 - 2024
Nashik, Maharashtra |
| <ul style="list-style-type: none">Yashwantrao Chavan Institute of Science
Bachelor of Science, CGPA: 8.2 | 2019 - 2022
Satara, Maharashtra |

Experience:

- | | |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|
| TMD Creators (Software Developer Intern) | Jan 2024 – Jun 2024 |
| <ul style="list-style-type: none">Developed and enhanced software to improve user experience (UX) and user interface (UI).Collaborated with team members to troubleshoot issues and optimize performance.Utilized technologies including React.js, Node.js, Express.js, MongoDB, MySQL, Redux Toolkit, and Tailwind CSS. | |

Projects:

- **Cloth-Shop**
Technologies: Remix JS, CSS, Node.js, Express.js, MongoDB
 - Developed a full-featured e-commerce website for a small clothing shop.
 - Designed and implemented backend and frontend components, ensuring seamless functionality for users and administrators.
 - Optimized SEO, routing, authentication, and payment gateway integration to enhance user experience and operational efficiency.
- **Social-info**
Technologies: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Cloudinary
 - Developed a full-stack web application allowing users to share information and photos.
 - Implemented user features including following, commenting on posts, and creating posts.
 - Integrated Cloudinary for image storage and developed email notification features.
 - Ensured robust backend support and responsive front-end design for optimal user experience.
- **Blog-App**
Technologies: React Native, CSS, Node.js, Express.js, MongoDB
 - Developed a mobile application to enhance user experience for blog sharing and reading.
 - Enabled users to create, share, and read blogs seamlessly.
 - Utilized React Native for cross-platform mobile development, ensuring a responsive and intuitive UI.

Skills:

- **Programming Languages:** JavaScript, TypeScript, C++
- **Frameworks and Libraries:** React.js, Next.js, React Native, Express.js
- **Web Technologies:** HTML, CSS, Tailwind CSS
- **Databases:** MySQL, MongoDB
- **Tools:** Visual Studio, Git, GitHub, Postman

Certifications & Achievements:

- Complete web development **Udemy (2023)**
- Complete backend in Node.js **Udemy (2024)**
- I have solved over 300 coding problems on LeetCode enhancing my algorithm and data structure skills
- Volunteered in college access programs assisting with technology Workshops and student mentoring
